

# Missouri Pork Association Internship Program

## **Program Description:**

The MPA internship program involves off-campus training to develop personal, organizational and public relations skills and experience. Written reports required. Eligible students to file an application, plus include three letters of recommendation, by March 27, 2023. MPA will review applications, conduct interviews, and make selections by April 7, 2023. Student intern will be reimbursed for lodging and travel expenses in accordance with MPA policy. The student intern will not be an employee, nor be covered by MPA insurance.

## **Prerequisites and Additional Requirements:**

Junior standing and advisor's consent. The student must have a cumulative GPA of 2.5 and completed at least two years (four semesters) of college courses, demonstrated maturity and sincerity towards the program, and be deemed acceptable by both MPA and the cooperating college.

## **Objectives:**

1. Provide educational experiences which are directly related to curricula and student's goals.
2. Develop student awareness of employment demands, responsibilities and opportunities.
3. Provide potential career experiences with an opportunity for continuing formal education.
4. Provide an opportunity for the student to apply problem-solving principles and techniques learned in the classroom to gain a better understanding of the decision-making and implementing process.

## **Compensation/Credit Hours:**

The summer intern is a full-time position (40 hours per week). The intern will receive \$1,200 on the 15<sup>th</sup> and last day of each month during the internship period. Adjustments may be made to the payment schedule at the discretion of MPA. MPA will work with the student and advisor to secure credit hours if it is so desired. If credit hours are being applied for, students will be evaluated and graded by MPA, in coordination with such other university parties who may be involved.

## **General Internship Goals and Objectives**

1. Gain educational experiences which are directly related to curricula and student's goals.
2. Develop awareness of employment demands, responsibilities, and opportunities.
3. Gain potential career experiences with an opportunity for continuing formal education.
4. Apply principles and techniques learned in the classroom to problem-solving situations to gain a better understanding of the decision-making and implementing process.
